Power BI Syllabus

COURSE CONTENTS

- Introduction to Data warehouse
- Power bi desktop
- data analysis expressions (DAX)
- Data visualization
- custom visualizations
- Power BI Integration page And Administration
- Power BI Embedded
- Power BI Q&A

Power BI Syllabus

Introduction to Data warehouse

- Data Warehouse Tools

- What Is Power BI?

- Power BI – Flow of Activity

- Building Blocks of Power BI

- Power BI – Primary Tools : Power Pivot, Power Query,

- Power View, Power Map, Power Q&A, Power BI Desktop

Power bi desktop

- Power BI Desktop – Install

- Data Sources And Connections

- Connect to Data in Power BI Desktop

- How to use Query Editor in Power BI

- Advanced Data Changes and Transformation

- Views in Power BI Desktop

- Modeling Data – Manage Data Relationship,

- Create Calculated Columns, Optimize Data Models

data analysis expressions (DAX)

- What Is DAX?

- Data Types In DAX

- Calculation Types

- DAX Functions : Date and Time, Time Intelligence,

- Information, Logical, Mathematical, Statistical, Text,

- Aggregate Measures in DAX

Data visualization

- Table Relationships And DAX

- Why Data Visualization

- Practices for Data Visualization

- How to use Visual in Power BI

- Reports in Power BI

- Charts in Power BI (Scatter, Waterfall, Funnel)

- Slicers

- Map Visualizations

- Gauges And Single Number Cards

custom visualizations

- What Are Custom Visuals?

- Of- Ce Store

- Downloading Custom Visuals

- Importing Custom Visuals in Power BI Report

- KPI Visuals

- Data Binding in Power BI

Power BI Integration page And Administration

- Data Gateways

- Content Packs

- Power BI Report Server

Power BI Embedded

- Power BI Embedded Conceptual Model

- Workspace Collection

- Adding Power BI content to a Workspace

- Application Authentication Token

- Parts of Power BI embedded – REST API

- Power BI Embedding without an Embed Token

- Power BI Embedding with an Embed Token

Power BI Q&A

- Dashboards Vs Reports Creating A Dashboard

- Tiles Pinning Tiles

- Quick Insights with Power BI

- Power BI Publisher for Excel
